PERSONAL BRANDING LOGO

Inspiration: squared kufic typography

Concept

Combining Arabic and Latin letters (H & هـ) (by making use of the negative space) which are the first letter of my name (Hania / هانيا) to represent the ability of working with both whether separately or combined to present ideas and deliver messages through my graphic designs.
Also adding a feminine vibe through using colours, fonts and utilizing curves in corners and on edges.

Changing: kufic rules to personalize the logo while preserving legibility, readability and balance.
As squared kufic typography is an inspiration.
